

## Post Graduate Diploma in Higher Education

### Programme details:

This programme facilitates the professional development of teachers and lecturers as professionals in the field of education. The programme is needed by academics and teachers who are specialists in their different disciplines but do not possess any teaching qualifications. The programme offers participants the professional skills and competences required to facilitate, manage and assess students' learning effectively. Through this programme, student teachers would have a unique opportunity of enhancing their teaching practice in terms of adopting a more scholarly and contemporary approach towards their teaching and students' learning.

The programme consists of 6 core (required) modules. Some modules may have pre-requisites (i.e. may require the student to pass another module or set of modules first). Some modules may be co-requisite (i.e. such modules are required to be taken together). The number at the end of the module in parenthesis indicates the credit load of the module. 1 credit is equal to 10 hours of learning (guided, in-class and independent combined); therefore a 10-credit module requires on average 100 hours of learning from the student.

### Core modules:

- D8 - LTA - 10: Learning, Teaching and Assessment (20)
- D8 - PPA1 - 15: Professional Academic Practice in Action 1 (10)
